PHYTOGENIC MIXTURES FOR CATTLE

PHYTO CATTLE

Introducing the key factor to your success.

Optimize your cattle nutrition management, both in preventive care and treatment. The PHYTO CATTLE line offers a remarkable blend of natural ingredients that meet your cattle's nutritional needs throughout the year. We acknowledge the market's demands and respond by providing you with a natural alternative to antibiotics and growth stimulants.

With PHYTO CATTLE , you can enhance your feed, premixes, or nutritional supplements, empowering your cattle to grow faster, healthier and bigger.

We invite you to embrace this effective solution and witness the difference it brings to your cattle's growth and well-being.
