PHYTOGENIC MIXTURES FOR POULTRY

PHYTO CHICKEN

Introducing the key factor to your success.

Optimize your poultry nutrition management, both in preventive care and treatment. The PHYTO CHICKEN line offers a remarkable blend of natural ingredients that meet your poultry's nutritional needs throughout the year. We acknowledge the market's demands and respond by providing you with a natural alternative to antibiotics and growth stimulants.

With PHYTO CHICKEN, you can enhance your feed, premixes, or nutritional supplements, empowering your poultry to grow faster, healthier and bigger.

We invite you to embrace this effective solution and witness the difference it brings to your poultry's growth and well-being.

PHYTO CHICKEN NR 1

INCREASING FEED INTAKE

MIXTURE

PHYTO CHICKEN NR 1

INCREASING FEED INTAKE MIXTURE

BENEFITS

- 1 Maintains the proper color of poultry meat.
- 2 Improves the taste and dietary characteristics.
- 3 Increases egg mass.
- 4 Enhances the flavor and nutritional value of eggs.
- 5 Affects better sensory quality.
- 6 Extends meat storage period.

THE QUALITY ELEVATOR

PHYTO CHIKEN NR 1 will markedly improve the quality of your poultry and elevate the excellence of your products. This balanced herbal blend is specially formulated for all poultry species.

The formula contains powerful ingredients that stimulate appetite and aid digestion in poultry, ensuring they receive the best nutrition possible. By improving protein utilization, FITOVIT-M effectively reduces nitrogen loss in feces and urine, positively impacting zoological conditions, energy balance, and overall animal welfare.

GET TO KNOW A PINCH OUR EXPERTISE

PHYTO CHICKEN NR 1 is an original, proprietary recipe based on the synergistic effect of biologically active ingredients derived from a mixture of **10 different herbs**.

PHYTO CHICKEN NR 2

ANTIOXIDANT AND ANTI-INFLAMMATORY
MIXTURE

PHYTO CHICKEN NR 2

ANTIOXIDANT AND ANTI-INFLAMMATORY MIXTURE

BENEFITS

- 1 Acts as a natural antioxidant.
- 2 Improves growth performance (weight gain) and feed conversion rate.
- 3 Ensures excellent flock health.
- 4 Strengthens animal immunity and balances the gut microbiota.
- 5 Holistically improves chickens, geese, and ducks' immune system.
- 6 Acts as an anthelmintic (against worms).

This meticulously crafted herbal blend synergizes a powerful boost to the immune system, ensuring your secure and sustainable poultry production. It guarantees the absence of residues in both meat and eggs, achieved through effectively reducing stress-related losses — be it thermal, adaptive, or during transport.

PHYTO CHICKEN NR 2 is an original, proprietary recipe based on the synergistic effect of biologically active ingredients derived from a mixture of **8 different herbs**.

PHYTO CHICKEN NR 3

RESISTANCE

MIXTURE

PHYTO CHICKEN NR 3

RESISTANCE MIXTURE

BENEFITS

- 1 Clearly strengthens poultry's natural immunity against diseases.
- 2 Maintains an optimal and favorable microflora in the digestive tract.
- 3 Effectively inhibits the growth of bacteria, including *Clostridium* sp., *Staphylococcus* sp., *Bacillus subtilis et cereus*, *Escherichia coli*, *Salmonella* sp., *Shigella* sp.
- 4 Elevates the taste and digestibility of feeds.
- 5 Ensures swift daily weight gain and optimal feed utilization.
- 6 Enhances the quality of animal products.
- 7 Reduces the harmful environmental impact of waste.
- 8 Boosts immunological processes, reducing birds' susceptibility to pathogenic microorganisms.
- 9 Enhances egg-laying capacity, feed intake, and utilization in poultry.

This meticulously balanced herbal blend, tailored for all poultry breeds. It will elevate your flock's well-being, resulting in remarkable growth rates and premium-grade meat. As a completely natural and health-beneficial poultry dietary addition, it holistically enhances animal welfare and breeding conditions. The blend's pharmacologically active elements nourish the intestines, acting as a pillar for the animal's immune system, where a staggering 80% of their immune cells are generated.
