PHYTOGENIC MIXTURES FOR HORSES

---

## WELCOME, TO PHYTOSEO

In the mysterious corners of nature, where plants conceal their magical powers, PHYTOSEO was born out of passion, knowledge, and fascination with creative, natural, and modern solutions in animal nutrition. Our mission? To open the doors to full health and vitality for our beloved animals.

We combine nearly 100 unique plant ingredients, creating phytogenic feed mixtures that are true elixirs for the health and well-being of animals. We are firmly against chemicals and artificial enhancers. Our products are entirely natural, sourced from nature, to provide animals with the highest quality nutrition.

## WE CREATE SUPERPOWERS

PHYTOSEO is the magic of nature in your hands. Our products support balanced development, regeneration, and rapid healing of inflammations in animals. Discover the power of natural ingredients that grant our four-legged friends superpowers!

PHYTOSEO is more than just a brand - it's a lifestyle where health and superpowers become a part of everyday life. Prepare yourself for a journey into the world of Phytoseo, where the magic of plants comes alive and creates wonderful stories for your beloved animals.. Join us and let your animals flourish to their full potential!

NATURE | KNOWLEDGE | PASSION

## PHYTO HORSE LINE

We have carefully designed a unique composition of herbs and active ingredients to create a stunning effect!

1 REGENERATION & IMMUNITY

2 ANTI-INFLAMMATORY & PAIN RELIEF

3 CALM GENTLEMAN

4 FLEXIBLE MUSCLES & JOINTS

5 RESPIRATION

6 PRO-DIGESTION

PHYTO HORSE NR 1

**REGENERATION & IMMUNITY**

MIXTURE

## THE SPECIFIC AREA OF EFFECT OF THE MIXTURE DUE TO CERTAIN ACTIVE INGREDIENTS:

- 1 A natural way to improve the protective barrier of the immune system.
- 2 Lowering the risk of infection and shortening the recovery.
- 3 Faster recovery of the organism after difficult and exhausting training sessions.
- 4 Preventing inflammation of joints, rheumatism and inflammation of organs of the locomotor system in general.
- 5 Reconstruction of the connective tissue after injuries. It supports proper skin healing.
- 6 Preventing inflammation of the urinary tract, digestive system and reproductive system.

PHYTO HORSE NR 2  
**ANTI-INFLAMMATORY  
& PAIN RELIEF**  
MIXTURE

THE SPECIFIC AREA OF EFFECT OF THE MIXTURE DUE TO CERTAIN ACTIVE INGREDIENTS:

- 1 Relieves pain during injury and inflammation of muscles and joints.
- 2 Stimulates the action of viral antigens.
- 3 Helps in cases of arthritis.
- 4 Reduces inflammation of tendons and ligaments.
- 5 Supports the digestive system - increases appetite.
- 6 Relieves rheumatoid and post-injury pain.

PHYTO HORSE NR 3

# CALM GENTLEMAN

MIXTURE

## THE SPECIFIC AREA OF EFFECT OF THE MIXTURE DUE TO CERTAIN ACTIVE INGREDIENTS:

- 1 Strengthening the nervous system.
- 2 Mixture recommended for horses that respond to stress with digestive problems.
- 3 The mixture's ingredients can strengthen the body. It has antibacterial, antioxidant and analgesic effects. It also relaxes the smooth muscles of the digestive tract.
- 4 Improves the well-being of horses.
- 5 Recommended for horses that require strengthening of the circulatory system and improvement of heart function.
- 6 Especially recommended for horses in states of anxiety and those hypersensitive and with tendencies to overreact to their environment.

PHYTO HORSE NR 4

# FLEXIBLE MUSCLES & JOINTS

MIXTURE

## THE SPECIFIC AREA OF EFFECT OF THE MIXTURE DUE TO CERTAIN ACTIVE INGREDIENTS:

- 1 Intensively affects the flexibility of joints, tendons and ligaments which in turn reduces the frequency of injuries.
- 2 Has a prophylactic effect for young horses and supports the proper functioning of the musculoskeletal system.
- 3 Recommended in case of arthritic and rheumatic diseases, muscle pain, osteoporosis, as well as all degenerative diseases within the osteoarticular system.
- 4 Supports smoothness of motion and increases its comfort.
- 5 Helpful in the period of convalescence after surgeries and injuries of the musculoskeletal system, e.g. bursitis, inflammation of joints, ligaments and tendons, pain in the spine, pain in the back, swellings and osteomas.
- 6 Supports blood microcirculation and improves cell metabolism, thanks to which joints, tendons and ligaments are better nourished.

PHYTO HORSE NR 5

# RESPIRATION

MIXTURE

THE SPECIFIC AREA OF EFFECT OF THE MIXTURE DUE TO CERTAIN ACTIVE INGREDIENTS:

- 1 Bronchial cleansing.
- 2 Facilitating expectoration.
- 3 Antiseptic and anti-inflammatory effects.
- 4 Works well against irritation and inflammation.
- 5 Diastolic effect on the airway smooth muscles.
- 6 For horses suffering from allergies caused by dust, plant pollen and humidity.

PHYTO HORSE NR 6

# PRO-DIGESTION

MIXTURE

## THE SPECIFIC AREA OF EFFECT OF THE MIXTURE DUE TO CERTAIN ACTIVE INGREDIENTS:

- 1 Improved ability to detoxify the body. Protection against harmful substances (toxins, free radicals, drugs).
- 2 Reducing the excess of stomach acidity.
- 3 Increasing appetite.
- 4 Used in preventative treatment of horses with risk of ulcer diseases.
- 5 Stimulation of peristalsis and support of intestinal cleansing.
- 6 Support to horses in poor reproductive condition, (especially those with excess fat).

# DISCOVER MIXTURES IN VARIOUS FORMS

PELLETS, MUESLI, CHAFF

## BODY BUILDER

FORM:  
MUESLI

### Application

- For horses with problems maintaining muscle mass
- for young horses as a building block for body mass and proper skeletal system
- For horses with hoof problems
- For any type of horse

### Description

Due to its unique and balanced composition, it is excellent for rapid weight gain and expansion of muscle tissue while not causing unhealthy excess energy. The feed is easily digestible, does not burden the digestive system. It allows the release of energy throughout the day and oil-soluble vitamins are more quickly and easily absorbed.

### Composition

Alfalfa chaff, Micronized wheat, barley and corn flakes, vitamin-fortified cereal pellets, alfalfa pellets, barley bran, complex vitamin, selenium chelated saccharomyces cerevisiae yeast, rice bran, monocalcium phosphate, magnesium oxide, dried apple and currant fruit, dried carrot, natural flavor.

## ALFALFA VIT

FORM:  
MUESLI

### Application

- For breeding horses and horses in small sports
- For horses with hoof problems (supports their proper development)
- Indicated for feeding horses with ulcer problems
- Recommended for nursing mothers and young horses during the development period

### Description

This is a special feed dedicated to horses with medium to high training loads and horses in the growth period, due to the increased amount of vitamins. This feed contains small amounts of starch so it is safe for horses with metabolic problems and tendencies to laminitis. The linseed oil content increases the energy value and the energy is evenly distributed without causing the effect of nervousness in the horse.

### Composition

Alfalfa chaff, Micronized wheat, barley and corn flakes, vitamin-fortified cereal pellets, alfalfa pellets, grass pellets, barley bran, complex vitamin, selenium chelated saccharomyces cerevisiae yeast, monocalcium phosphate, magnesium oxide, dried currant fruit, flax oil, natural flavor.

## ALFALFA FRUIT

FORM:  
CHAFF

### Application

- for horses with digestive problems and especially ulcers
- For foals and growing horses
- For foaling and lactating mares
- For horses with an increased need for protein
- For recreational and sport horses
- For hard working horses

### Description

Fruit Chaff contains dried carrot, apple and currant in its composition. Rich in fiber to support the digestive system. Oiled alfalfa influences the development of body weight, bone structure, hooves and coat, as well as protects the digestive system and provides vitamins. Flaxseed oil increases stamina, supports regeneration, the nervous system and immunity. It has a favorable ratio of Omega-3 to Omega-6 acids and facilitates the absorption of nutrients.

It increases endurance in sports training, accelerates recovery, relieves allergic and allergic reactions, speeds up metabolism and regenerates the liver.

### Composition

Chopped alfalfa, carrots, dried currant, dried apple, linseed oil, natural flavor

## ALFALFA OILED

FORM:  
CHAFF

### Application

- For horses with digestive problems and especially ulcers
- For foals and growing horses
- For foaling and lactating mares
- For horses with an increased need for protein
- For recreational and sport horses
- For hard working horses

### Description

Oiled alfalfa promotes weight-building, bone, hoof and coat. It protects the digestive system by lowering the pH of the stomach. It provides vitamins B, C, D, E, minerals and digestible fiber. Flaxseed oil increases endurance, supports regeneration, nervous system, immunity, improves skin, coat, hooves and joints. It is distinguished by a favorable ratio of Omega-3 to Omega-6 acids.

### Composition

Chopped alfalfa, linseed oil

Our alfalfa, thanks to excellent geographical conditions, is naturally dried. **Alfa Nature Feed products are organic, free of harmful elements.**

## ALFALFA MINT

FORM:  
CHAFF

### Application

- For horses with digestive problems and especially ulcers
- For foals and growing horses
- For foaling and lactating mares
- For horses with an increased need for protein
- For recreational and sport horses
- For hard working horses

### Description

Mint for horses is a versatile herb that stimulates the digestive function of the stomach, has a diastolic, windpipe, cholagogue, antiseptic effect. Used in digestive disorders, lack of appetite, stomach and intestinal spasms, liver diseases. Beneficial for horses with delicate digestive tracts, with a tendency to colic. It also has calming and soothing properties on the digestive tract. Oiled alfalfa promotes the building of body mass, bone, hooves and coat. It protects the digestive system and provides vitamins B, C, D, E. Flaxseed oil increases stamina, promotes regeneration, nervous system and immunity.

### Composition

Chopped alfalfa, dried mint, linseed oil, natural flavor.

## ALFALFA HERBS

FORM:  
CHAFF

### Application

- For horses with digestive problems and especially ulcers
- For foals and growing horses
- For foaling and lactating mares
- For horses with an increased need for protein
- For recreational and sport horses
- For hard working horses

### Description

Alfalfa Herbs is a blend of medicinal herbs: calendula aids digestion, chamomile has an antibacterial effect, mint stimulates digestion, lemon balm calms. Oiled alfalfa promotes weight-building, bone, hoof and coat. It protects the digestive system, provides vitamins B, C, D, E and minerals. Flaxseed oil increases stamina, promotes regeneration, nervous system, immunity, improves skin, coat, hooves and joints. It is distinguished by a favorable ratio of Omega-3 to Omega-6 acids.

### Composition

Chopped alfalfa, mixture of dried herbs - mint, lemon balm, calendula, field horsetail, linseed oil, natural flavor.

Our alfalfa, thanks to excellent geographical conditions, is naturally dried. **Alfa Nature Feed products are organic, free of harmful elements.**

## ALFALFA PELLETS

FORM:  
PELLET

### Description

It is a rich source of protein, vitamins A, B2, C, E, K, beta carotene and minerals. Ideal for horses in need of weight building. In pellet form, it supports the treatment of ulcers, which is crucial, as ulcers affect up to 90% of racehorses and 80% of sport horses. Thanks to the use of micronized ingredients, the feed is easily digestible, thus not stressing the digestive system and optimizing absorption by the horse's body.

### Application

- For any type of horse regardless of age or type of work performed
- For horses with hoof problems
- For young horses as a building block for body weight and proper skeletal system
- For horses with weight maintenance problems and maintenance of muscle mass

### Composition

Alfalfa 100% natural without artificial additives.

Our alfalfa is organically raised and naturally dried.

**Thanks to the pelletization process, it is free of bacteria and mycotoxins.**

## HERB PELLETS

FORM:  
PELLET

### Application

- For any type of horse regardless of age and type of work performed

### Composition

Alfalfa, mint, lemon balm, calendula, echinacea.

## CARROT PELLETS

FORM:  
PELLET

### Application

- For any type of horse regardless of age and type of work performed

### Composition

Alfalfa, carrots

## CURRANT PELLETS

FORM:  
PELLET

### Application

- For any type of horse regardless of age and type of work performed

### Composition

Alfalfa, currant
